CHRISTOPHER B. HEBERT
CHAIRMAN

**Mr. President, Mr. Speaker, and
Members of the Louisiana Legislature**

The Louisiana Gaming Control Board (the “Board”) submits the 29th annual comprehensive report to the Louisiana State Legislature in accordance with La. R.S. 27:15(B)(9)(b).

Statutes legalizing and regulating gaming were enacted in 1991 by the Louisiana Legislature and, in 1996, the Board was created. The Board consists of nine (9) members who are appointed by the Governor, confirmed by the Senate, and serve staggered terms of six (6) years. At least one (1) member is appointed from each congressional district. Board members are eligible to be reappointed for one (1) additional term. The Board is required by law to meet at least once a month. Minutes and transcripts of Board meetings are found on the Board's website and, when the technology is available, meetings are streamed live over the internet on the legislative website.

The Chairman serves in a full time capacity and fulfills the role of CEO for the Board in the conduct and management of the Board’s regulatory responsibilities. The Board has three other full-time employees who manage the day-to-day affairs of the Board. Ronnie Johns served as Chairman of the Board until his retirement on June 30, 2024. It should be noted that Christopher B. Hebert was appointed Chairman of the Board on July 1, 2024, at the beginning of FY 2024-2025. During FY 2023-2024, Chairman Hebert served as Director of the Gaming Division for the Louisiana Attorney General’s Office.

The Board exercises regulatory authority, control, and jurisdiction over all aspects of gaming activities and operations as authorized by and pursuant to the provisions of the Louisiana Gaming Control Law which includes the Louisiana Riverboat Economic Development and Gaming Control Act, the Louisiana Economic Development and Gaming Corporation Act, the Video Draw Poker Devices Control Law, the Louisiana Pari-mutuel Live Racing Facility Economic Redevelopment and Gaming Control Act, the Louisiana Fantasy Sports Contests Act, and the Louisiana Sports Wagering Act.

The Board's operating budget for FY 2023-2024 was \$1,017,969 funded through statutory dedicated funds of \$835,583 from the Riverboat Gaming Enforcement Fund, \$99,020 from the Sports Wagering Enforcement Fund, and \$83,093 from the Pari-mutuel Live Racing Facility Gaming Control Fund.

RIVERBOAT GAMING

Fifteen (15) riverboat casinos are authorized to operate in Louisiana. This report reflects the data for all riverboat gaming casino licensees.

There are six (6) riverboat gaming casino licensees in the Shreveport and Bossier City area; three (3) in the Lake Charles area; three (3) in Baton Rouge; and one (1) each in Kenner, Harvey, and Amelia. These riverboats employed approximately 8,982 individuals and, in FY 2023-2024, contributed \$372,229,375 in revenue to the state. Adjusted gross revenue increased in Kenner, Amelia, and Baton Rouge.

The Shreveport and Bossier City market had adjusted gross revenues of \$517,726,526 for FY 2023-2024, a decrease of \$23,040,032 from the previous fiscal year, with \$111,311,204 in fees paid to the state. Please note that Louisiana Riverboat Gaming Company, LLC d/b/a Live! Casino & Hotel Louisiana (f/k/a DiamondJacks Casino & Resort) was closed for construction during FY 2023-2024, and recommenced gaming operations in its new riverboat gaming landside facility in February of 2025.

The Lake Charles market had adjusted gross revenues of \$711,077,397, a decrease of \$29,448,141 from the previous fiscal year, with \$152,881,640 in fees paid to the state.

The riverboat casinos in Baton Rouge had adjusted gross revenues of \$262,631,725, an increase of \$14,701,114 from the previous fiscal year, with \$56,465,821 in fees paid to the state.

Act 469 of the 2018 Regular Legislative Session amended the definition of a riverboat to include a facility within 1,200 feet of a riverboat's licensed berth and set forth application requirements for a licensee's relocation from a vessel to a landside facility. Act 469 also required a licensee to submit a relocation plan and a detailed capital improvement and reinvestment plan in order to be approved to construct and relocate to a riverboat gaming landside facility. Since Act 469 became effective, the Board has approved the opening of four (4) riverboat gaming landside facilities in Louisiana. During FY 2023-2024, Louisiana Casino Cruises, LLC d/b/a The Queen Baton Rouge (f/k/a Hollywood Casino Baton Rouge), located along the Mississippi River in East Baton Rouge Parish, commenced gaming operations in a newly constructed \$62 Million riverboat gaming landside facility in August of 2023. In addition, Treasure Chest Casino, located along Lake Pontchartrain in Jefferson Parish, commenced gaming operations in a newly constructed \$100 Million riverboat gaming landside facility in June of 2024.

The fiscal year ended on June 30, 2024, with total adjusted gross revenue of \$1,731,299,415 for riverboat gaming which is a decrease of \$37,246,101 from the previous fiscal year.

This was a decrease of \$19,700,155 from the previous fiscal year, with \$65,044,281 in fees paid to the state. The landbased casino completed its reinvestment plan and rebranding of its establishment from Harrah's New Orleans to Caesars New Orleans and had its grand opening in October of 2024. In FY 2023-2024, Caesars New Orleans (f/k/a Harrah's New Orleans) employed approximately 1,978 individuals.

SLOT MACHINE GAMING

The adjusted gross revenue for slot machine gaming at the four (4) racetracks for FY 2023-2024 was \$318,190,749, a decrease of \$2,762,522 from the previous fiscal year. After subtracting the Support Contribution Deduction of \$57,274,336 for Purse Supplements, the Executive Committee of the Louisiana Thoroughbred Breeders Association, and the Executive Committee of the Louisiana Quarter Horse Breeders Association, the State received fees in the amount of \$48,269,537. In FY 2023-2024, there were approximately 1,415 individuals employed at the racing facilities.

VIDEO POKER

As of June 30, 2024, there were 1,386 video poker outlets and 11,921 video poker devices in the thirty-one (31) parishes where video poker gaming had been approved in the local option election of November 5, 1996. These machines are authorized in bars, restaurants, hotels, off-track betting parlors, and truck stops. Franchise fees paid to the state from video poker amounted to \$227,248,204 for FY 2023-2024, a decrease of \$9,096,910 from the previous fiscal year.

FANTASY SPORTS

Fantasy Sports went live on July 15, 2021, in the forty-seven (47) parishes where fantasy sports contests had been approved in the local option election of November 6, 2018. The State of Louisiana levies a tax of 8% upon the net revenues of fantasy sports contests offered to the consumers within the state. During FY 2023-2024, the gross fantasy sports contest revenue was \$12,804,763, net revenue was \$1,368,008, and \$109,441 was paid in taxes.

SPORTS WAGERING

On June 10, 2021, the Louisiana State Legislature approved legislation establishing the framework for sports wagering in the fifty-five (55) Louisiana parishes that voted to authorize sports wagering in the local option election of November 3, 2020. The State of Louisiana levies a 10% tax upon the net gaming proceeds from sports wagering conducted onsite at a licensed sports wagering establishment. Any sports wagering conducted through mobile application or a website is taxed at a 15% tax rate.

Retail sports wagering went live in October of 2021. During FY 2023-2024, there were \$291,868,274 in wagers written. The net proceeds were \$29,876,480, and \$2,960,221 was paid in taxes. The win percentage was 10.2%.

TRIBAL GAMING

This report contains no statistical information on tribal gaming. The three (3) tribes authorized to conduct gaming operations on their tribal lands pursuant to IGRA class III gaming compacts are not required to pay any fees directly to the state and cannot be required to provide the Board with any financial figures.

CONCLUSION

Gaming revenue continues to be a substantial part of the Louisiana economy, generating approximately \$3,429,203,774 for FY 2023-2024, an increase of approximately \$49,171,110 from the previous fiscal year.

The revenue generated from gaming operations funds various programs in the state and is a primary source of funding for the Support Education in Louisiana Fund (SELF). Any decline in revenue or changes in statutory dedications could adversely affect the SELF fund.

The Louisiana Legislature adopted public policy approving gaming as an economic opportunity for the state and its citizens. The Board is committed to the thorough regulation and control of gaming activities under its jurisdiction in a manner which instills public confidence and ensures that regulated activities are free from criminal and corruptive elements. Additionally, the Board strives to foster a regulatory environment that provides optimum economic opportunity for both gaming operations and the Louisiana citizens who are employed by and/or benefit from this industry.

Sports Wagering

SPORTS WAGERING

LOUISIANA

Overview

From 1992 to 2018, the Professional and Amateur Sports Protection Act, also known as PASPA or the Bradley Act, was a law which effectively banned sports betting nationwide, excluding a few states. In May of 2018, the United States Supreme Court determined that PASPA was unconstitutional in that it conflicted with the Tenth Amendment of the U.S. Constitution. In the aftermath of the Supreme Court's ruling, numerous states, including Louisiana, proceeded to establish legalized sports betting.

Pursuant to Act 215 of the 2020 Louisiana Regular Legislative Session, voters in each parish considered a proposition to allow sports wagering activities and operations in their parish. The election was held on November 3, 2020. Fifty-five (55) out of sixty-four (64) parishes in Louisiana voted in favor of allowing sports wagering in their respective parishes, with the voters of Caldwell, Catahoula, Franklin, Jackson, LaSalle, Sabine, Union, West Carroll, and Winn voting no on the proposition.

Pursuant to La. R.S. 27:601 et seq., The Louisiana Sports Wagering Act, grants the Louisiana Gaming Control Board (the "Board") complete authority, control, and jurisdiction with respect to the regulation of sports wagering in the state of Louisiana. In accordance with the Act, the Board has developed qualifications, standards, processes and procedures for the issuance and renewal of a license to operate a sports book. Although not yet operating, La. R.S. 47:9001 et seq., establishes regulatory authority of the Louisiana Lottery Corporation to operate a sports book to allow sports wagering at retail establishments. A summary of the framework of the Act is provided below.

Fantasy Sports

FANTASY SPORTS

LOUISIANA

Overview

During the 2018 legislative session, the Louisiana legislature enacted Act 322, which began the process for legalizing and regulating fantasy sports contests and called for a statewide referendum on the measure in Louisiana. Pursuant to the November 2018 election, forty-seven (47) of the sixty-four (64) parishes in Louisiana voted in favor of fantasy sports in their respective parishes, with the voters of Allen, Avoyelles, Beauregard, Caldwell, Catahoula, Franklin, Grant, Jackson, Jefferson Davis, LaSalle, Morehouse, Richland, Sabine, Union, Vernon, West Carroll, and Winn voting no on the referendum. The measure was approved by Louisiana's most populated urban parishes including Orleans, East Baton Rouge and Lafayette, among others, bringing legal fantasy sports to more than 90% of the state's population. However, the referendum only authorized lawmakers to introduce legislation legalizing daily fantasy sports. It was not until 2020, when the Louisiana legislature passed Act 141 during the 2020 Regular Session, Act 34 of the 2020 First Extraordinary Session, and Act 44 of the 2020 Second Extraordinary Session, that the tax structure and the creation of a regulatory framework for daily fantasy sports began.

Pursuant to La. R.S. 27:301 et seq, the Louisiana Fantasy Sports Contest Act, the Louisiana Gaming Control Board (the "Board") was granted all regulatory authority with respect to fantasy sports contests. Based on the legislation, the Board promulgated rules in the Louisiana Administrative Code ("LAC") which provided the structure necessary to properly regulate, enforce, and administer the operation of fantasy sports contest in Louisiana. A summary of the regulatory framework for daily fantasy sports is provided below.

 - Demonstrate to the Board that the operator is suitable for licensing pursuant to La.R.S. 27:28.
 - Provide the Board with financial statements indicating any gross fantasy sports contest revenue for the previous three years.

- The license fee for a fantasy sports contest operator license shall be submitted to the Louisiana State Police, Gaming Enforcement Division prior to the issuance of the license.

- Each license is granted for a term of three years.
- The license fee shall be as follows:
 - If the three-year average of the licensee's gross fantasy sports contest revenue is less than \$100,000 or the licensee has no previous revenue, the fee shall be \$5,000.
 - If the three-year average of the licensee's gross fantasy sports contest revenue is \$100,000 or more, but less than \$300,000, the fee shall be \$15,000.
 - If the three-year average of the licensee's gross fantasy sports contest revenue is more than \$300,000, the fee shall be \$40,000.
- The renewal fee for a fantasy sports contest operator license shall be submitted on the anniversary date of the issuance of the license and shall be assessed in the same manner as the original license fee was assessed.

- All taxes imposed and collected are forwarded upon receipt to the State Treasurer for the immediate deposit into the State Treasury.
- Funds deposited are first credited to the Bond Security and Redemption Fund in accordance with the Louisiana Constitution.
- Afterward, the State Treasurer deposits the proceeds of the tax into the Louisiana Early Childhood Education Fund.

Fantasy Sports Contest Prohibitions

- As a condition of licensure, a fantasy sports contest operator shall submit evidence to the Board that the operator has established and will implement commercially reasonable procedures for fantasy sports contests with an entry fee and shall do the following:

 - Verify that a fantasy sports contest player is 21 years of age or older.
 - Provide fantasy sports contest players with access to information on responsible play.
 - Provide fantasy sports contest players with access to the fantasy sports contest player's play history and account details that are not confidential.
 - Allow individuals to restrict themselves from entering a fantasy sports contest upon request and provide reasonable steps to prevent the person entering fantasy sports contests offered by an operator.
 - Segregate fantasy sports contest player funds from operational funds or maintain a reserve that exceeds the amount of player funds on deposit, which may not be used for operational activities. Reserve funds may take the form of cash, cash

equivalents, payment process reserves, payment processor receivables, an irrevocable letter of credit, a bond, or a combination thereof, in the amount that must exceed the total balances of the fantasy sports contest players' accounts.

Fantasy Sports Contest Operators in Louisiana

On July 15, 2021, the Board awarded DraftKings a fantasy sports contest operator license. In doing so, it allowed DraftKings to launch its operations in the 47 parishes that allowed fantasy sports contests in their respective areas. On October 21, 2021, the Board approved the license application of FanDuel, the second fantasy sports contest operator to be licensed in the state of Louisiana. Both companies submitted to background investigations and financial examinations by the Louisiana State Police, Gaming Enforcement Division (the “Division”) in connection to their licensing applications. The Division ensures that both operators are in compliance with all gaming regulations and law, specifically those related to daily fantasy sports.
