LOUISIANA GAMING CONTROL BOARD
SPORTS WAGERING CATALOG
GENERAL RULES

SUMMARY

The Louisiana Gaming Control Board (the "Board") has prepared this document for informational purposes only to answer frequently asked questions about how new events and bets are reviewed. This document also provides a list of currently approved leagues, events, categories and types of sports wagers. The Chairman of the Board will update this document as necessary. Such updates may include newly approved leagues, events, categories and types of sports wagers, as well as rejected and unapproved leagues, events, categories and types of sports wagers.

Each Licensee/Operator must submit its house rules on how it intends to conduct sports wagering to the Board for approval. This includes, but not limited to, accepted bets for approved sporting events or special events for retail and mobile wagering.

PROCEDURE FOR APPROVAL OF NEW LEAGUES AND EVENTS/ CATEGORIES AND TYPES OF SPORTS WAGERS

LAC 42:VI.523. Sports Wagers

A. An operator shall not accept any sports wager on a sports event unless it has received approval from the Board to conduct that type or category of sports wager. A type of sports wager refers to the method of determining the outcome of the sports wager. The category refers to the kind of event being wagered on. For all particular categories or sports wager types approved by the Act or these regulations or later approved by the Board for its first use may be used on multiple events by all operators without further approval.

1. If an operator would like to offer a new category of sports event, it must submit the request to the Board on the approved form at least seven (7) days in advance of the proposed date of accepting sports wagers on such a category. The request shall include: a full description of the sports event, the manner which sports wagers would be placed, and winning wagers would be determined; a full description of any technology which would be utilized to offer the sports event; information or documentation that demonstrates that the sports event meets the requirements of subsection 523(B) of this Chapter; and any other information requested by the Board or the Louisiana State Police, Gaming Enforcement Division (the "Division").
2. If an operator accepts a sports wager on an unapproved sports event, the operator shall void and refund all sports wagers associated with that sports event. If any sports wagers for unapproved sports events cannot be refunded in full, the operator shall immediately provide the Board with a report detailing such sports wagers and the reasons therefore.
3. The Board and the Division maintain the right to disapprove of the source of data for any reason including, but not limited to, the type of sports wager and method of data collection.

The Board reserves the right to prohibit the acceptance of wagers, may order the cancellation of wagers, and require refunds on any event for which wagering would be contrary to the public policies of the State. To give the Board sufficient time to review a submission, sports pool operators shall complete the Sports Wagering Request for Approval Form at least seven (7) days before the start date of the event. The Sports Wagering Request for Approval Form can be found on the Louisiana Gaming Control Board website. Once completed, the form and any exhibits shall be emailed to the Louisiana Gaming Control Board at LGCB@la.gov.

TYPES OF WAGERS PERMITTED

Unless otherwise restricted, for all approved leagues, operators may request to offer any wager or proposition bet, not prohibited by statute or rule or order of the Board, where the results are determined on the field of play and can be proven by a box score or statistical analysis. Additionally, the Board has pre-approved seasonal awards for all approved leagues where such awards are based on statistics or votes, provided that votes are collected in a manner that maintains the confidentiality of the outcome until the award is announced. Wagering on awards must cease at the time votes are due. Any other type of wager must be sent to the Board for approval the first time it is offered and may not be made available for wagering until approved by the Board. For approved leagues and events, wagers are permitted on an athlete under the age of eighteen years old as long as a majority of the participants competing in the sports event are over the age of eighteen years old (unless otherwise noted in the Sports Wagering Catalog). Wagers are not approved or permitted on any proposition or "prop" bet based on an individual athlete's performance or statistics participating in a professional sports event if the athlete is under the age of eighteen years old. Wagers are not approved or permitted on any proposition or "prop" bet based on an individual athlete's performance or statistics participating in a college sports event.
